Light House is a Civil Society organization working for the development of rural and urban asset less poor, marginalized and high risk population. At present, Light House is working in 23 districts of 5 divisions of Bangladesh.

Light House has been implementing a project called “Shukhi Jibon Project-Light House” with the funding and technical support of the USAID, Pathfinder International. This project has a plan to conduct an end line survey among the targeted populations e.g. Youth and Adolescent including Especially Vulnerable Adolescent (EVA), Transgender, Male and Sex worker of Dhaka city and Gazipur district including Gazipur City Corporation.

Scope of the study
Assessment on knowledge attitude and practice among the youth and adolescent group in a limited and representative sample size. It will also focus whether the information we have provided to the target beneficiaries has increased their knowledge and change their attitude and to make appropriate recommendation for the policy makers. A group of volunteers or youth may be trained and deployed as enumerators for data collection. Data sorting and analysis may be conducted through SPSS, Study report will be generated and shared with the policy makers, high level government and Non-government officials, Academia, researchers and the implementing agencies.

Duration: Two months (February-March 2023)

Consultant engagement: A competent consultant preferably a PhD holder with MBSS background will be hired through a competitive process. S/he will conduct training for the selected enumerators, analysis data and prepare an analytical report, disseminate the report through a meeting organized by Light House. To conduct this study, consultant may need to obtain clearance from IRB.

Light House will select the enumerators from the community level, organize training for them. Light House will finalize the survey questionnaires in consultation with consultant and also organizes a dissemination workshop in Dhaka.
